

# Social Monitoring Report

---

2<sup>nd</sup> Semestral Report  
January 2016

Period: July 2015 - December 2015

## IND: Bihar Urban Development Investment Program (Tranche 1)

Prepared by Bihar Urban Infrastructure Development Corporation Ltd. for the Government of Bihar and the Asian Development Bank and is made publicly available in accordance with ADB's public communications policy (2011). It does not necessarily reflect the views of ADB.

This social monitoring report is a document of the borrower. The views expressed herein do not necessarily represent those of ADB's Board of Directors, Management, or staff, and may be preliminary in nature.

In preparing any country program or strategy, financing any project, or by making any designation of or reference to a particular territory or geographic area in this document, the Asian Development Bank does not intend to make any judgments as to the legal or other status of any territory or area.

SAR	Sub-project Appraisal Report (feasibility study)
SC	Steering Committee
STP	Sewage Treatment Plant
TBU	Tilkamanjhi Bhagalpur University
TC	Town Committee
UDHD	Urban Development and Housing Department
ULB	Urban Local Body
WTP	Water Treatment Plant

## Executive Summary

### A. Introduction

1. This monitoring report concerns the social safeguards of the Bihar Urban Development Investment Program (BUDIP). BUDIP is financed under a multi-tranche financing facility (MFF) with separate loans for separate tranches. To date one loan is effective, Loan 2861-IND, financing Tranche 1. Loans for other tranches have not yet been concluded.
2. The objective of BUDIP is to contribute to the “sustainable economic growth through improved quality of urban life”. It is to improve the urban environment and living conditions in targeted urban areas in Bihar by (i) improving and expanding urban infrastructure and services in four towns; and (ii) strengthening urban institutional, management and financial capacity of the urban local bodies (ULBs). The investment program will improve and expand the water infrastructure in Bhagalpur and Gaya as well as development of sewerage system in Gaya.
3. BUDIP will also assist the urban local bodies (ULB) of the two towns in bringing about operational discipline and structure, which will ensure sustainable O&M.
4. This report includes the monitoring of implementation of social safeguards in tranche 1 for which loans have been effectuated.

### B. Tranche 1

1. Tranche 1 comprises the Bhagalpur Water Supply Project Phase 1 (BWSP1). The design-build-operate (DBO) contract has been awarded. The contractor has been mobilised since October 2014.
2. The proposed Subproject components for BWSP1 include (i) rehabilitation of the Barari Water Works and Refurbishment of WTP, (ii) Construction of New Water Storage Reservoir (19 OHSRs), (iii) rehabilitation of one OHT, (iv) laying of 460 kms. of clear water distribution mains (v) metered household connections (approximately 68,000 connections up to 2019) covering all the DMAs and (vi) customer care center (1 center for every 10,000 connections including 1 central control center)<sup>1</sup>.
3. The contractor, during the first year, has prepared a Service Improvement Plan (SIP) and designs for the distribution network, overhead tanks and renovation of the existing water treatment plant (WTP). The revised SIP submitted by the contractor has been approved. The Contractor has also submitted the SIP work part 2 which is in the process of approval. 3.5 years are allowed for construction. As per the approved plan, the civil implementation work is scheduled to commence in January 2016.
4. The initial social and resettlement impact assessment for BWSP1 was undertaken based on the SAR and DPR prepared earlier. The social safeguard categorization for this subproject is category B.
5. Detailed Measurement Surveys (DMS) were conducted for 3 OHSR sites and 50 kms. of distribution mains alignments in Nov 2015. For the rest of the stretches and components, the contractor will submit a work plan. Once the submitted work plan is approved, DMS will be carried out. The first year of the implementation work comprises construction of three OHSRs and laying of 50 kms. of distribution pipelines. DMS has been conducted for the phase 1 of the civil works.

---

<sup>1</sup> Prior to approval of SIP, the number of OHSRs to be constructed was 16 whereas 326 km of distribution mains were to be laid and approximately 52,000 new houses were to be equipped with metered service connections.

**C. Scope of impacts Tranche 1**

1. Efforts have been made in detailed design to avoid or minimize resettlement impact through careful design of the major portion of pipe alignments for water supply distribution through available government land and existing public road right of way (RoW), avoidance of land acquisition and selection of sites and alignment alternatives with none / minimal resettlement impact. The scope of land acquisition and resettlement has been ascertained through field visits to the identified subproject sites and alignments. All land required for subproject components in Bhagalpur has been identified. No private land acquisition is required.
2. The contractor, during the first year, has prepared a Service Improvement Plan (SIP) and designs for the distribution network, overhead tanks and renovation of the existing water treatment plant (WTP). The revised SIP submitted by the contractor has been approved.
3. With a view to identifying and assessing the IR impacts due to the proposed civil implementation works, comprising construction of 3 OHSRs and laying of 50 km of distribution lines, to be taken up in year 1 of implementation, a DMS was conducted in November 2015. Only permanent relocation impacts were identified. Identified permanent impacts include loss of (i) private residential structure (facing 100% loss) and (ii) cattle shade. Laying of distribution mains (50 Kms.) is not expected to lead to any income loss to any temporary hawker, vendor etc.

**D. Compensation, Rehabilitation and Monitoring - Tranche 1**

1. Resettlement Framework (RF) for BUDIP which was initially submitted to PMU / BUIDCo, on September 22, 2014, was revised further to take account of the changes brought about by New Land Acquisition Act 2013. The revised draft final RF, was submitted to PMU and ADB on October 09, 2014.
2. Affected persons, if any, shall be compensated incongruence with the provisions made in the Entitlement Matrix (EM).
3. The social safeguards plan, gender action plan and other required activities like payment of compensation for the affected assets, allowances, loss of incomes etc. to the entitled persons will be implemented as soon as the civil implementation works gets underway as per the impending schedule.

## **Background of the Report and Project Description**

### **A. Scope of this Monitoring Report**

1. This Semi Annual Safeguards Monitoring Report has been prepared for the period July – December 2015. The report concerns the entire BUDIP, i.e. all tranches and loans under the program. The report includes:

- i. Monitoring of **implementation** of social safeguards in tranches for which loans have been effectuated (at this moment, only Tranche 1 / Loan 2861-IND);
- ii. Status of **preparation** of social safeguards plans for other tranches.

### **B. One Program, Multiple Loans**

2. In 2011 the Government of Bihar (GoB), with support of the Asian Development Bank (ADB), prepared a road map for improved quality of urban life in Bihar, covering 24 urban economic centres and including a wide scope of urban infrastructure such as water supply, sewerage, storm water drainage, solid waste management and urban roads and slum improvements. ADB had initially agreed to co-finance implementation of certain components of the road map in Bihar's four larger towns (other than the state capital Patna), i.e. in Bhagalpur, Darbhanga, Gaya and Muzaffarpur, but later on decided to forgo the Muzaffarpur and Darbhanga projects. The project will be implemented using a multi-tranche financing facility.

3. On 31 January 2012, the Government of India (GoI) and the ADB concluded a framework financing agreement for a multi-tranche financing facility (MFF) for the Bihar Urban Development Investment Program (BUDIP). On 29 March 2012 ADB approved the MFF and on 13 April 2012 it approved the loan for the first tranche under the MFF. On 25 March 2013, the Loan Agreement between GoI and ADB for Tranche 1 of BUDIP (Loan 2861-IND) was signed. The loan became effective on 6 June 2013.

4. The overall BUDIP undertaking is scheduled over a nine year period. The first loan 2861-IND is a 5 year period. Loan closing date is 30 June 2017. The total value of BUDIP is \$286 million. The MFF is for a loan amount not exceeding \$200 million. Loan 2861-IND is for an amount of \$65 million.

5. BUDIP aims at improving the urban environment and living conditions in the targeted urban areas by (i) expanding urban infrastructure and services in urban areas; and (ii) strengthening urban institutional management system including the financing capacity the urban local bodies (ULBs).

6. The project will be implemented in two urban areas: Bhagalpur, and Gaya in the state of Bihar. The improvement in urban infrastructure will include rehabilitation, improvement, and expansion of: (i) water supplies; and (ii) sewerage and sanitation.

7. Bhagalpur and Gaya are the two largest towns with the highest economic growth potential in Bihar after the state capital, Patna. Despite being the economic centres of Bihar, the urban service levels in the towns are unable to achieve not only the national goals but also many of the national averages in India. These towns have not been able to sustain the water supply and sewerage services because the infrastructure is not adequate in size and condition. This was mainly attributed to inadequate new investment, and operations and maintenance (O&M). The investment program will improve and expand the water and sewerage infrastructure in the two towns. It will also assist the urban local

bodies (ULB) of the two towns in bringing about operational discipline and structure, which will ensure sustainable O&M.

8. The impact of BUDIP will be to provide improved access to water supply and sanitation facilities by the urban population of the relatively poor and weak capacity state of Bihar. The expected outcome will be access to better quality and sustainable urban water supply and sewerage services for people, especially vulnerable households, in the two towns covered under the program.

9. The five outputs of the BUDIP are:

Sl. No.	Output	Description
1	Improved water supply infrastructure in two towns.	To address inadequacy in new investment, as an immediate solution, new raw water intakes, clear water pumping mains, water treatment plants, OHSR, distribution networks and water meters will be developed and procured in <b>Bhagalpur and Gaya</b> .
	Improved sewerage / wastewater infrastructure in one town.	To address inadequacy in new investment, new house connections, sewer networks, pumping stations, sewage treatment plants, maintenance equipment will be developed and procured in <b>Gaya</b> .
3	O&M of assets created by subprojects improved	To address deficiency in O&M staff number and skills, all major infrastructures will be constructed and operated by DBO contractors, which will field additional O&M staff and provide on-the-job training to ULB staff for at least 5 years. Also, permanent ULB staff under the municipal civil servant system will take technical courses in India to upgrade their qualifications for asset operations.
4	Urban service delivery management improved	To introduce metered user charges, computerized billing and reserve accounts for water supply and sewerage, the program will prepare long-term business plans, user charge plans and proposals for creation of water and sewerage accounts for consideration and adoption by the ULBs.
5	Project management, implementation skills and transparency improved	To enhance the executing agency's accountability to the financiers and the people of Bihar, and to strengthen the implementing agency's contract management and subproject formulation, teams of consultants will provide the executing and implementing agencies with support and on-the-job training through day-to-day collaboration.

10. Location of the project towns are shown hereunder in **Figure 1**.

**Figure 1 Bhagalpur and Gaya towns in Bihar**

### **C. Institutional Arrangement**

11. BUDIP is being carried out by the Government of Bihar (GoB) acting through the State's Urban Development and Housing Department (UDHD) and its executing-cum-implementing agency (EA and IA), is the Bihar Urban Infrastructure Development Corporation Ltd (BUIDCo).

12. The Program Management Unit (PMU), established within BUIDCo, is the executing arm. At each of the two towns there will be a Project Implementation Unit (PIU) reporting to the PMU. PMU and PIU are assisted by PMC and DSC.

13. While it was initially envisaged that a third party NGO will be engaged to assist the PIU in implementation of the temporary resettlement of affected persons, ADB advised that the implementation be done jointly by DSC, PIU, PMC and PMU. DSC to propose the arrangements it intends to make to oversee implementation of the RP.

14. The safeguards, gender and monitoring responsibilities are summarized in **Table 1**.

Source: Facility Administration Manual (FAM), February 2012, page 33.

15. As per FAM, reporting on social safeguards monitoring is to be done semi-annually.

#### **D. Land availability**

16. Works on the existing WTP will be carried out within the existing water works compound. The distribution system is within the rights-of-way (ROW) of the public roads network, while service connections are within customers' premises. Only for the OHTs land has to be made available.

17. The aim of minimizing land acquisition and resettlement impacts was included in the design of the BWSP1. All land required for the subproject components have been identified. Parcel of land belonging to entities other than government are identified for construction of OHSR (ID- 1/3, 1/3 A, 5/1 and 5/4) at four different locations. The parcel of land identified for the construction of the OHSR (ID-5/1) falls within the premises of the Sarbajanik Thakurbari and belongs to a temple trust. Additionally, the parcel of land identified for the construction of the OHSR (ID-5/4) falls within the premises of the Qwali Maidan and belongs to Urs committee. The parcel of land identified for the construction of two OHSRS (ID-1/3 and 1/3 A) belong to Mahashay Deodhi. Parcel of land identified for

<sup>2</sup> Adjusted with the merger of PMU and Central PIU into one PMU at central level

the remaining project components are government and / or municipal land. Requisite NoC from concerned departments / authorities have also been obtained. All parcel of land has been handed over to the contractor to carry out civil implementation works without any hassle. Please refer to Appendix 3 for the status of NOC received till date and Appendix 3.1 for Copy of NOCs.

#### E. Scope of Impacts: BWSP1

18. Two impacts of permanent nature on squatters – one kutchha residential structure and the other a kutchha cattle shed have been identified at the proposed OHSR (ID - 4/1) site at Barari. However, no temporary impacts on non-titled persons, hawkers, vendors etc. were found during DMS conducted in November 2015. Please refer to Appendix 9 for the detailed DMS report.

19. Table 2 presents a summary of the resettlement impacts and mitigation measures as laid down in the draft Resettlement Plan for BWSP1.<sup>3</sup>

**Table: 2 Summary of Identified Impacts and the Mitigation Actions for BWSP1**

Scope of Works	Unit	Location	Resettlement Impacts		Mitigation Measures		
			P <sup>4</sup>	T <sup>5</sup>	Temporary disruption of livelihood	Impacts on Vulnerable APs	Any other loss not identified
Existing Water Treatment Plant rehabilitation	3 WTP	Barari Water Works	None	None	NA	NA	NA
Mechanical, Electrical, and Instrumentation works	Inside the 3 WTPs	Barari Water Works	None	None	NA	NA	NA
Distribution System: renovation, rehabilitation and new construction	460 km.	Urban area within the current municipal boundary of Bhagalpur Municipal Corporation (BMC)	None	8145	To be compensated as per the EM	Special priorities will be accorded to such APs. Additional benefits will be provided as mentioned in the EM	Unanticipated involuntary resettlement impacts will be documented and mitigated as mentioned in the EM.

<sup>3</sup> The total number of affected persons (APs) was estimated for temporary impact to be caused during refurbishing and laying of distribution network of approximate 326km under the subproject. Three transect walks were conducted in Bhagalpur during PPTA study in 2011, which was updated by CDTA team in August 2013. Transect walks were conducted in three 300-meter sections namely DN Singh Road, Swami Vivekananda Path and Barari (road in front of Mt. Carmel School). The findings were extrapolated to arrive at the estimate of temporary impacts. A total of 8,145 persons were estimated to be impacted temporarily as they may witness temporary disruptions in their livelihood activities. However, the DMS for 3 OHSR and 50 Kms. of distribution mains conducted in November 2015 revealed that there won't be any temporary disruption in carrying out their livelihood activities.

<sup>4</sup> P- Permanent

<sup>5</sup> T- Temporary

Scope of Works	Unit	Location	Resettlement Impacts		Mitigation Measures		
			P <sup>4</sup>	T <sup>5</sup>	Temporary disruption of livelihood	Impacts on Vulnerable APs	Any other loss not identified
Over Head Service Reservoirs	19	At 19 different locations in the town (BMC)	2	None	NA	NA	NA
Metered Customer Service Connections	68,000 (approx.)	In the resident neighbourhood	None	None	NA	NA	NA

#### F. Affected persons

20. The extent and magnitude of loss has been ascertained through DMS conducted in November 2015. One woman headed household with the house hold size of 7 persons has squatted on the parcel of land identified for the construction of OHSR and other components. The household is a vulnerable<sup>6</sup> household meeting 3 or more vulnerability criteria applicable to local context. To facilitate civil implementation works, the house will be dismantled and therefore the family faces the threat of permanent eviction. Meaningful consultations were held multiple times with the affected family. The family has agreed to evict and move to another location. The family will be provided assistance and compensated as per the provisions laid down in the EM prepared in accordance with government of India and ADB policies. Please refer to Appendix 5 for EM. The Summary of Resettlement Impacts is presented in Table 3 and the Socio Economic Profile of affected persons (AP) facing permanent relocation impacts and / or structure loss is presented in Appendix 6.

<sup>6</sup> The PPTA Report for BUDIP identified the following vulnerability criteria in the context of Bihar: (1) households belonging to most backward communities; (2) head of household is a woman; (3) head of household is illiterate; (4) head of household is a daily wage labourer, (5) below poverty line household; and (6) household lives in a kutchha house.

**Table 3: Summary of Resettlement Impacts**

Sl. No.	Details	Affected persons / land area (0-50 km. stretch )	Remarks
1	Permanent land acquisition	None	
2	Temporary Land Acquisition	None	
3	Permanent relocation impact (non-titleholders)	1 households 7 persons	Squatter at Barari OHSR site; vulnerable household.
4	Permanent impact: structure loss	1 Residential Kutcha House 1 Cattle shed	
4a	Total loss of structure (100%)	1 residential structure	Women headed house hold (Ms. Asha Devi <sup>7</sup> )
4b	Partial loss of structure (40%)	1 cattle shed	Mr. D.N. Mandal
5	Temporarily Affected Persons	None <sup>8</sup>	Assessed on the basis of DMS
5a	Titled affected persons (temporarily affected)	None	
5b	Non-Titled affected persons (temporarily affected hawkers and vendors)	None	
5c	Non-Titled affected persons (temporarily affected <i>kutcha</i> residential structures)	0	
6	Potential temporary impacts to hawkers and vendors	None	
6a	Potential temporary impact: income loss	None	
6b	Potential temporary impact to BPL and FHH	None	
5.	Permanent income loss	None	
6.	Affected IP	None	-

21.As per Draft Resettlement Framework, affected persons will be provided 30 days advance notice to ensure no or minimal disruption in livelihood. If required, they will also be assisted to temporarily shift for continued economic activity. For example, they will be

<sup>7</sup> She is a SC Widow Woman who has squatted on the vacant Housing Board land by constructing a kutcha house. She and her family has been residing there for more than seven years.

<sup>8</sup> In the draft RP, the estimation of the temporary impact was done through extrapolation for the entire stretch. The positive change in the impact is because of the efforts made in the detailed design to avoid or minimize resettlement impact through careful design of the major portion of pipe alignments for water supply distribution through available government land and existing public road right of way (RoW), avoidance of land acquisition and selection of sites and alignment alternatives with none / minimal resettlement impact. Measures to avoid and minimize private land acquisition and involuntary resettlement impacts include identification of government land for construction of reservoirs, and for all proposed new / refurbished facilities, night work in congested commercial areas, traffic management during pipe laying work, ensuring access to shops and businesses by providing pedestrian access through planks, assistance to mobile hawkers and vendors and those with moveable, temporary structures to shift to (and back from) nearby locations where they can continue with their economic activities, is proposed. Where excavation close to properties / residences cannot be avoided, simple mitigation measures such as provision of planks are proposed as per available guidelines in EMP and best practice. Timely information will be provided to the public about potential negative impacts and mitigation measures, including grievance redress procedures and time taken for the same, prior to start of project implementation.

assisted to temporarily shift to the other side of the road where there is no construction. Ensuring there is no income or access loss during subproject construction is the responsibility of the Contractor. Consistent with the environmental assessment, the Contractor will ensure: (i) that space is left for access between mounds of soil; (ii) walkways and metal sheets provided to maintain access across trenches for people and vehicles where required; (iii) increased work force is available to finish work in areas with impacts on access, and timing of works in such areas that it reduces disruption during business hours and (iv) phased construction schedule is followed and work undertaken on one segment at a time and one side of the road at a time. The construction period will be minimized and is estimated to be less than 30 days per section of work.

22. Should construction activities result in unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption, whichever is greater, will be provided. Vulnerable affected persons will be given priority in project construction employment. Highly vulnerable affected persons such as child labourers and woman-headed households shall be identified and given the opportunity to enrol in literacy and/or numeracy camps (14 day camps), following a demand survey by the implementing DSC to determine the proportion willing to enrol.

23. For OHT sites proposed within school compounds, care must be taken to ensure that the present use of the major portion of such land (as playground) is not affected. In addition, each of the government schools will be provided water connections, and the primary and middle school presently lacking toilet facilities will be provided separately for boys and girls. These measures will lead to further positive outcomes for the subproject.

#### **G. Compensation and Rehabilitation**

24. The social safeguards plan and other required activities will be implemented only after the approval of the updated RP by the ADB on the basis of civil works designed by contractor per year. This includes survey and public consultation of remaining stretches and components, payment of the compensation of affected assets, allowances, loss of incomes, etc. to the entitled persons. It is expected that monitoring of social safeguards will commence in the first quarter of 2016.

25. Land acquisition and resettlement impacts will be compensated in accordance with the entitlement matrix. Loss of assets will be at replacement cost. A Valuation Committee (VC) will be constituted comprising Land Acquisition/Revenue Officers, Accounts Officers of the Collectorate, PIU representative, APs, and nongovernment organizations (NGO) to determine replacement values.

26. Compensation and assistance to APs must be made prior to possession of land/assets and prior to the award of civil works contracts.<sup>9</sup>

---

<sup>9</sup>The APs will hand over land and properties acquired free from all encumbrances such as mortgage, debt, etc. after compensation. However, in case there are loans on acquired land and properties, such amounts will be deducted from the total compensation. The acquired land and properties shall vest in the Competent Authority paying compensation for such lands/properties. If the Competent Authority fails to pay decided compensation to APs within a year after the date of notification, additional amount by way of interest (12%) will apply on final compensation payable to each AP, unless and except in cases where the AP has approached the judiciary for grievance redress.

## **H. Income Restoration**

27. Long-term income loss is not anticipated. However, if a subproject results in income loss, income restoration schemes will be designed in consultation with affected persons. The strategy for income restoration will be prepared prior to land acquisition. Based on the information collected from the census and the socio-economic surveys, income restoration strategies will be framed and activities planned. The PMU and PIU will consider the resource base of affected persons and their socio-economic characteristics and preferences to develop appropriate income restoration schemes.

28. The objective of income restoration is to ensure that each affected person will have at least the same or improved income after the subproject. DSC in consultation with PMC will identify the number of eligible affected persons based on the 100% census of the affected persons and will conduct a training needs assessment in consultation with affected persons. DSC in consultation with PMC will examine local employment opportunities and produce a list of possible income restoration options. Suitable trainers or local resources will be identified by the local DSC in consultation with local training institutes.

29. The project will provide short-term income restoration activities intended to restore affected persons' income in the period immediately before and after relocation focusing on relocation, and providing short-term allowances such as (i) transitional allowance; and (ii) shifting assistance. Medium-term income restoration activities such as provision of longer-term training will also be provided. Longer-term training programs will be developed based on the degree of disruption to livelihood activities. These will be derived from detailed socio-economic survey information, conducted as a part of the resettlement plan. The time frame will be decided based on training to be provided, and will also be outlined in the resettlement plan. The resettlement plan budget will reflect the cost of providing training. The PIU will also facilitate affected persons' access to Government schemes that could help them restore income and livelihood.

30. Key steps to be undertaken in livelihood skills training by the RP implementing agency for vulnerable households are:

- i. Identification of affected, vulnerable households through the census and socio economic survey of APs;
- ii. Identification of potential trainees and training needs assessment for vulnerable households, which would require a detailed survey and assessment of the literacy, educational level, and/or skill sets of one member of the household nominated for skill training. The needs assessment will also document income from various sources, assets, resources, and coping strategies currently used by the household. The strategy will improve or maximize returns from present occupation of the principal earning member or introduce a new or supplementary occupation aimed at achieving the right mix of activities in order to enable the household to improve or maintain its living standards. Baseline details will be documented in order for post-training impact assessment.
- iii. Identification of requirements for credit support and assistance in accessing employment.
- iv. Identification of local trainers, resource persons or training institutes by DSC. A

maximum time frame of three months is planned for training

- v. Internal monitoring of training and submission of progress reports
- vi. Post-training impact assessment will be conducted by an external agency engaged for external monitoring, one year after project implementation.

Indicators would be developed during detailed design stage.

31. In addition to livelihoods skills training, the following special measures to help vulnerable affected persons improve their living standards/skills to improve their quality of life, will be provided:

- i. In case of total loss of business, apart from skills training for vulnerable households, assistance for purchase of income generating assets (maximum Rs 30,000 / per household) will be provided.
- ii. Vulnerable households will be given priority in project construction employment.
- iii. In recognition of the fact that illiterate women, men and child labour comprise a fairly large proportion of temporarily affected persons<sup>10</sup> the investment program will provide them an opportunity to attend a literacy and/or numeracy camp, if the proposed demand survey for a camp reveals a felt need among the target group.

#### **I. Assistance for Temporary Impacts**

32. Sub-projects requiring work on right-of-way such as rehabilitation or construction of water supply networks are not expected to require land acquisition nor affect permanent structures. No impact on temporary income loss has been identified during DMS conducted for the 50 km. stretch. However, temporary loss of land and common resources is expected to be minimal for the rest of the stretches and components. The same will be ascertained in due course. Should there be temporary losses, APs will be provided with:-

- i. Rent for the period of occupation for legal titleholders.
- ii. Compensation for assets lost at replacement value/cost, including trees and crop loss in accordance with the entitlement matrix
- iii. Restoration of land to previous or better quality.
- iv. Restoration or replacement of common resources.

33. APs will be provided with:-

- i. 30 days' advance notice regarding construction activities, including duration and type of disruption.
- ii. Contractor's actions to ensure there is no income/access loss consistent with the initial environmental examination. This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time.
- iii. Assistance to mobile vendors/hawkers to temporarily shift for continued economic activity. For example assistance to shift to the other side of the road where there is no construction or Rs. 1,000 as one time cash shifting assistance.
- iv. For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption

---

<sup>10</sup>Based on results of transect walks in Bhagalpur, 20% of temporarily affected persons comprise illiterate women, child labour and below poverty line households.

whichever is greater.

34. For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption, whichever is greater, is to be given.

#### **J. Relocation**

35. In accordance with ADB's SPS, should there be any physical displacement or resettlement, the existing social and cultural institutions of affected persons (resettled populations) and host populations will be supported to the maximum extent possible. Resettled population will be economically and socially integrated into host communities so that adverse impacts on the latter are minimized. Concerns of affected persons and host communities will be understood through consultations and systematically recorded and addressed in the resettlement plan. In addition, benefits of the project will be extended to host communities to ensure integration; the resettlement plan will explain how integration with host populations will be achieved.

#### **K. Project Information Disclosure, Public Participation and Consultation**

36. The BWSP1 subproject is being disclosed in a series of Community Orientation Meetings, being conducted monthly since December 2014. Till date, out of a total of 462 persons who were oriented and given first-hand information about the project, 379 including 130 women were from the local community. It is significant to note that the list of the participants included 22 councillors and 61 officials. In addition, the project is receiving regular attention in the local printed press. Please refer to Appendix 7 for Summary of Community Consultations held so far.

37. Detailed discussions were held with municipal officials, owners and users of sites where subproject facilities are proposed, academicians and environmental specialists based in Bhagalpur University, fishermen in Bhagalpur and potential beneficiaries (residents). Meetings and individual interviews of stakeholders, particularly potentially temporarily affected persons, were held, and transect walks and interviews conducted to determine the potential impacts of subproject construction to prepare the sample subproject Resettlement Plan. Focus Group Discussions held with residents and/or users in and around each of the identified OHT sites.

38. The detailed consultations with potential beneficiaries and affected persons revealed that there is a great need for the water supply project in Bhagalpur, and consultations helped in selection and finalization of subproject sites in Bhagalpur.

39. The draft Resettlement Framework and draft Resettlement Plan in local language were discussed in a city-wide stakeholder consultation workshop and the documents were disclosed by placing them in the Municipal Office, Revenue Department and at Bihar Rajya Jal Parishad (BRJP). This will also be placed in the PIU office after its establishment. The Resettlement Framework and Resettlement Plan do include a strategy for continued consultation at different stages of Resettlement Plan implementation. The Format for Public Consultation & Focus Group Discussions is appended as Appendix 1.

40. Information shall continue to be disseminated to affected persons and beneficiaries through various media. PMU/PIU, with assistance of PMC, will undertake consultations, information dissemination, and disclosure. The finalized Resettlement Plan will also be disclosed in websites of ADB, BUIDCo, State Government, local government, PMU and PIU.

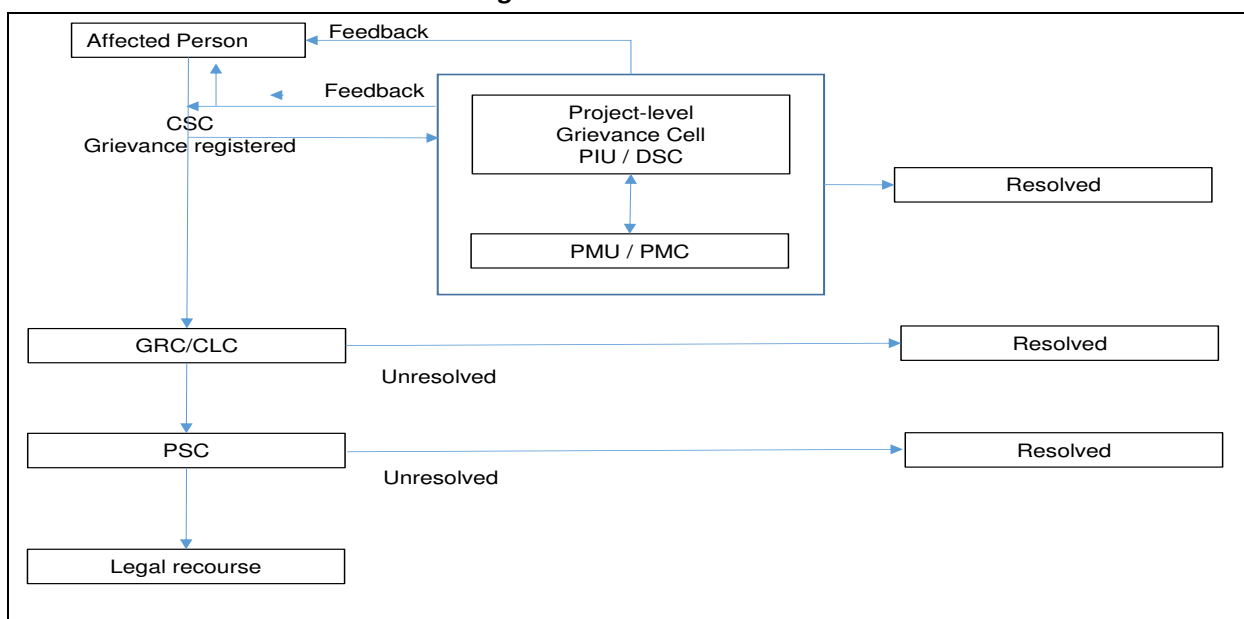

## L. GRIEVANCE REDRESS MECHANISM (GRM)

41. A common Grievance Redress Mechanism (GRM) for social and environmental complaints will be in place. Each Resettlement Plan, Indigenous Peoples Plan (IPP) (if applicable), and Initial Environmental Examination (IEE) and/or Environmental Impact Assessment (EIA) will follow the GRM described below, which is developed in consultation with stakeholders, including affected persons and NGOs. The GRM will provide an accessible platform for receiving and facilitating resolution of affected persons' grievances related to the project. Grievances and/or suggestions of affected persons can be dropped in suggestion boxes set up for the project in key locations including subproject sites, or conveyed through phone or email. The Social and PR Expert of the DSC with inputs from PMC PR Specialist will be responsible for conducting periodic community meetings with affected communities to understand their concerns and help them through the process of grievance redressal (including translation from local language, recording and registering grievances of non-literate affected persons and explaining the process of redressing grievances).

42. In case of grievances that are immediate and urgent in the perception of the complainant, the contractor, and supervision personnel from PIU will try to successfully resolve them. Grievances and/or suggestions of affected persons can be dropped in suggestion boxes or conveyed through phone or mail. The Social and PR Expert of the DSC with inputs from PMC PR Specialist will be responsible for conducting periodic community meetings with affected communities to understand their concerns and help them through the process of grievance redressal (including translation from local language, recording and registering grievances of non-literate affected persons; and explaining the process of grievance redressal). The grievance redress mechanism and procedure is depicted in Figure 2 below. Appendix 2 shows the sample Grievance Registration Form and Action taken report.

43. On 27.05.2015 the UDHD has formally approved the setting up of the Grievance Redressal system in Bhagalpur vide letter no.-1615. Please refer to Appendix 4 for details.

**Figure 2: Grievance Redress Mechanism**

CLC = City Level Committee, GRC = Grievance Redress Mechanism, PIU = Project Implementation Unit, PMU = Project Management Unit, PSC = Project Steering Committee.

44. The process of constituting GRC has been initiated, which will be completed before commencement of physical activity.

#### **M. Institutional Arrangements**

45. There has been a change in the institutional arrangement at Urban Development and Housing Department (UDHD) of Government of Bihar, which is the Executing Agency (EA) for the project. The PMU of BUDIP under UDHD has been merged with the central PIU under BUIDCo (Implementing Agency, IA) for effective execution and implementation of managing the social safeguards issues in the projects till date. The PMU has an Environment and Social Management Coordinator (ESMC) for execution and coordination of safeguard. PIU field offices shall be set up in each project town to manage the implementation of subprojects before physical progress. In addition, City Level Committees (CLC) will be setup in each project town to periodically review subproject progress before the start of civil work.

46. The ESMC, PMU is being assisted by the PMC for the preparation of IEE/EIA/Resettlement Plan/IPP reports and providing advice on policy reforms. The PMU is endorsing the subproject IEEs/EIAs and Resettlement Plans/IPPs prepared by the PMC. ESMC is co-ordinating with national and state agencies to resolve inter-departmental issues, if any. ESMC is also monitoring physical and non-physical activities under the investment plan. Also, monitoring the implementation of safeguards plans and guiding PIU as and when necessary.

47. The PMC has an Environment Specialist and Resettlement and Gender Specialist who are responsible for the preparation of IEE/EIA and Resettlement Plan/IPP and monitoring reports respectively. The PMC Specialists are reviewing and finalizing all reports in consultation with the ESMC. The PMC Specialists are also submitting periodic monitoring and implementation reports to PMU, who is taking follow-up actions, where necessary.

#### **N. Monitoring Results – Findings**

48. As there is no implementation of social safeguard measures yet, actual monitoring is not being done yet. A sample monitoring template is appended as Appendix 8.

#### **O. Follow up Actions, Recommendations and Disclosure**

49. Since no work has so far been taken up by the contractor on the ground a Consultation and Participation Plan (CAPP) has been prepared and as per plan, Community Orientation Program (CoP) are being conducted on a regular basis in Bhagalpur. So far PMC, with support from DSC and PIU, has been able to conduct seven such CoPs with all the important stakeholders.

#### **P. Conclusion**

50. Under tranche 1 of the loan, the contractor has submitted 3 SIPs. SIP 1 and SIP 3 has been approved. SIP 2 is under evaluation and is expected to be approved soon. In the meantime, DMS for the civil implementation works proposed to be taken up in 2016 was conducted in November 2015. The project is likely to lead to relocation impact to one woman headed household at the proposed OHSR site at Barari. However, no temporary impact on livelihood has been noted. The resettlement plan for the same (3 OHSRs and 50 Km of distribution mains) has been updated and submitted to ADB for approval. The approval is awaited. As soon as the approval is obtained from the ADB, the civil implementation work will commence.

## Appendix 1: Format for Public Consultations & Focus Group Discussions

(Socio-economic and Environmental)

Name of the Component / Site:

Name of the Village / Ward:

Name of the Block / Revenue Circle Office:

Name of the District:

Date:

Time:

Number of Participants:

Issues	Remarks <sup>11</sup>
General perception about the project and the awareness about the proposed project component.	
Support of local people for the proposed Bhagalpur Water Supply Project?	
Any critical issue or concern by the local people regarding the project?	
Any criteria would you like to see considered during the project construction and operation stage?	
Are you expecting any difficulties by the construction of Water Supply Project in the coming days?	
Is the proposed project going to improve Water Supply System in Bhagalpur Town?	
What kind of Water Supply System do you need in your town?	
Is the proposed project going to provide better and safe drinking water to the local people?	
Is there any shortage of water for human consumption?	
Source of drinking water	
Number of Shops/Hotel/Commercial establishments in the surrounding area	
Numbers of Industrial Units in the surrounding area	
Number of Households and Population in this Village/Ward	
Any Ethnic minorities/tribal population living in this area (Note the name of Tribe/Indigenous community, if any)	
Any Vulnerable groups (women headed, BPL, SC, ST, PH etc.) are living in this Village/Ward?	
General socio-economic Condition: What are the economic activities?	
Land use, cropping pattern (Seasonal), types of crops, value of the crops, Average land holding size etc.	
Access to the forest land and the use of the forest land (if any)	
Current rates of the land (Government as well as market rates) in "Bigha"/ "Acre"	
Loss of residential/commercial structures, if any due to the project	
Loss of community life like any Market Places, Religious places, or any community activities to be affected?	
Land acquisition and Resettlement (if foreseen due to the construction of Water Supply Pipeline, OHSR, Water Treatment Plants, etc.) Has there been land acquisition before? If yes, what was the process of land acquisition and compensation package?	
Protected areas (national park, protected forest, religiously sensitive sites, historical or archaeological sites), if any	

<sup>11</sup> Participants' Opinion, Comments and Suggestions

Issues	Remarks <sup>11</sup>
Health status of the Village/Ward. Availability of Hospitals and over all environmental condition. Is there any chronic disease prevalent in this area and are you aware about HIV/AIDS and STP?	
Poverty Level: Is the area poor or very poor or well off	
Education Status: Literate, illiterate etc.	
Employment Status: Percentage of employment/ unemployment/ underemployment	
Migration Pattern (If any), inward or outward	
If the laying of Water Supply Pipeline necessitates relocation, where would you like to be relocated?	
What is the possibility of shifting the religious structure(s)? And where to relocate?	
Type of compensation Paid / Expected (Cash or Kind)	
Perceived benefits from the project	
Perceived losses from the project	
Will there be likely involvement of local people in the implementation of the project?	
What other organizations of a social nature (NGOs/CBOs/ Civil Society) active in the village/ ward? Name of these organizations.	
Any Other Issues you may feel to share:	
Is this consultation useful? Comments	

## Appendix 2: Sample Grievance Registration Form

(To be available in Hindi and English or local language, if any)

The **Bihar Urban Development Investment Program (BUDIP)** welcomes complaints, suggestions, queries and comments regarding project implementation. We encourage persons with grievance to provide their name and contact information to enable us to get in touch with you for clarification and feedback.

Should you choose to include your personal details but want that information to remain confidential, please inform us by writing/typing **\*(CONFIDENTIAL)\*** above your name. Thank you.

## तिलकामाँझी भागलपुर विश्वविद्यालय

भागलपुर-812007

पत्रांक ~~Engg/Mix/27/13-14-E/712/14-15~~

दिनांक 10.07.14

सेवा में,

मुख्य महाप्रबंधक,  
बिहार शहरी आधारभूत संरचना विकास निगम लिमिटेड,  
बुद्ध मार्ग, पटना-800001

विषय **ADB Loan No.-2861-1ND** के अन्तर्गत भागलपुर जलापूर्ति योजना के लिए भूमि उपलब्धता हेतु अनापत्ति प्रमाण-पत्र उपलब्ध कराने के संबंध में।

महाशय,

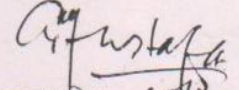

उपर्युक्त विषयक पत्रांक-बुडको/एस०आई०यू०-8/मो०-11/13 एवं ज्ञापांक 2372 दिनांक 19.10.2013 के संदर्भ में सूचित करना है कि तिलकामाँझी भागलपुर विश्वविद्यालय परिसर स्थित स्नातकोत्तर भौतिकी विज्ञान विभाग के बगल में जलमीनार निर्माण हेतु 40 मीटर x 40मीटर का भूखंड (वार्ड नं०-19, खाता नं०-957, खेसरा नं०-130 क हाल सर्वे 1976-77) से उपलब्ध कराने का आदेश कुलपति महोदय ने निम्नांकित शर्तों के साथ प्रदान किये हैं।

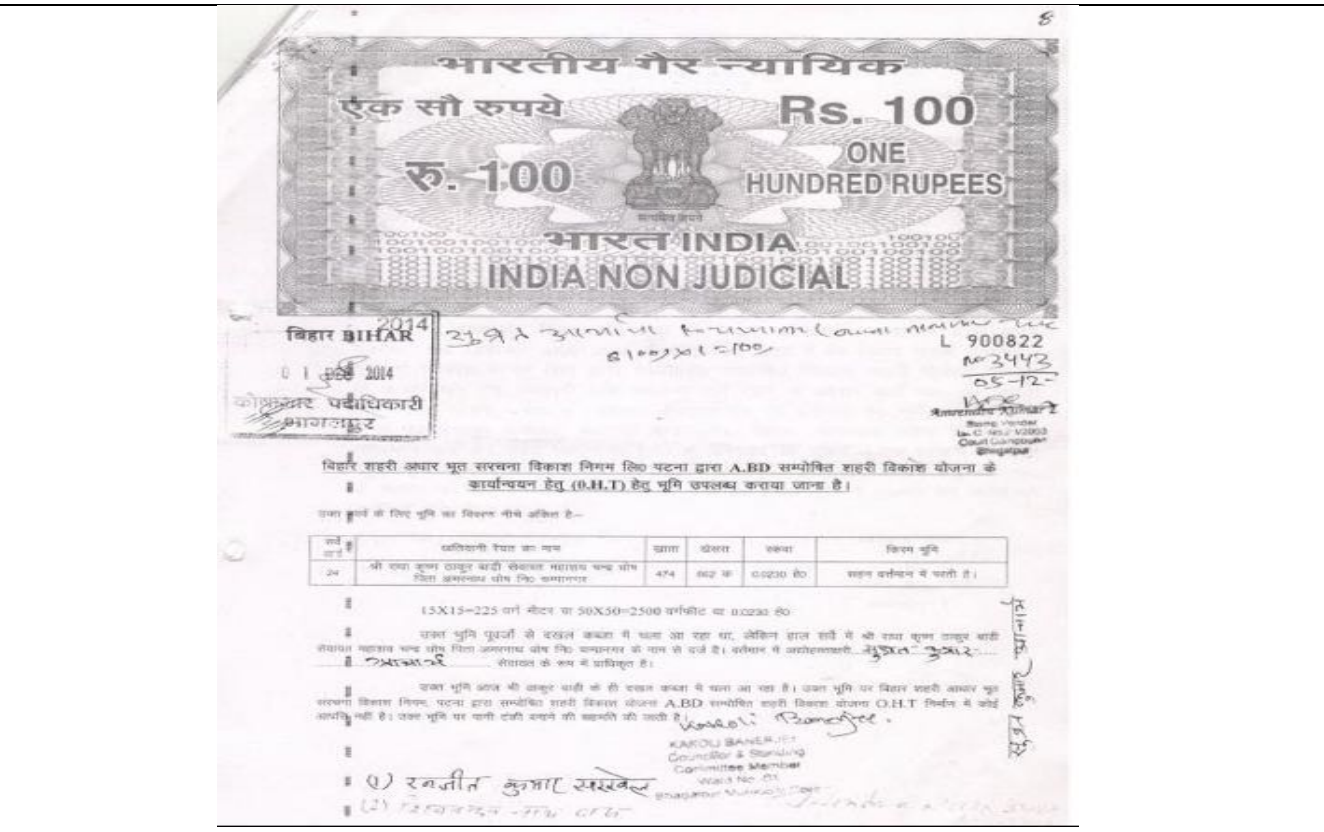

1. भूखंड पर विश्वविद्यालय का पूर्ण स्वामित्व बना रहेगा।
2. जलमीनार परिसर पर किसी भी तरह का स्थाई अथवा अस्थायी निर्माण कार्य बिना विश्वविद्यालय के पूर्व अनुमति के नहीं किया जायेगा।
3. जलापूर्ति हेतु यदि कोई जलकर वांछित हो तो सरकारी उपक्रम (Govt. agency) की तरह सभी स्नातकोत्तर विभागों, छात्रावासों, टी०एन०बी० कॉलेज एवं कॉलेज परिसर में अवस्थित आवासों को सस्ते दरों (50% कम) पर जलापूर्ति सुनिश्चित करेंगे।
4. जलमीनार परिसर में कार्यरत सरकारी/गैर सरकारी कर्मचारियों का आवा-जाही, रहन-सहन विश्वविद्यालय के नियम, परिनियम के तहत निर्धारित होगा।

अतः उपरोक्त शर्तों के आधार पर अधोहस्ताक्षरी के साथ MOU/एकरारनामा करने का कष्ट करें।

कृपया इसे प्राथमिकता प्रदान किया जाय।

विश्वासभाजन,

  
कुलसचिव 10/7

दिनांक-08.12.14 अप0 3:00 बजे मुख्य सचिव, बिहार की अध्यक्षता में ADB सम्पोषित भागलपुर एवं गया जलापूर्ति योजनाओं के कार्यान्वयन हेतु भूमि उपलब्धता विषय पर आयोजित बैठक की कार्यवाही :-

उपस्थित:- यथा पंजी के अनुसार

कार्यवाही:-

ADB सम्पोषित भागलपुर जलापूर्ति योजना फेज-I, फेज-II एवं गया जलापूर्ति योजनाओं के कार्यान्वयन हेतु भूमि उपलब्धता के विषय पर सभी संबंधित विभाग के प्रधान सचिव/सचिव से विमर्श के बाद निम्नांकित निर्णय लिया गया।

1. पथ निर्माण विभाग:-

- (i) भागलपुर जलापूर्ति योजना फेज - 1 के अन्तर्गत जलमिनार निर्माण के लिए पथ प्रमंडल आदमपुर, भागलपुर कार्यालय परिसर के अंदर 20 X 20 भूखण्ड पर कार्य कराने की स्वीकृति दी गई।
- (ii) विक्रमशीला सेतु के समीप पथ निर्माण विभाग के भूखण्ड पर भागलपुर जलापूर्ति योजना फेज- II अंतर्गत 33/3.3 के0मी0 के सब स्टेशन की स्थापना हेतु 40 X 70 मीटर भूखण्ड पर कार्य करने की स्वीकृति दी गई।

2. स्वास्थ्य विभाग:-

- (i) भागलपुर जलापूर्ति योजना फेज - 1 के अन्तर्गत जलमिनार निर्माण के लिए भागलपुर सेट्रल जेल, आनंद नगर कॉलोनी के नजदीक स्वास्थ्य विभाग के भूखण्ड के अंदर 20 X 20 भूखण्ड पर कार्य कराने की स्वीकृति दी गई।
- (ii) भागलपुर जलापूर्ति योजना फेज - 1 के अन्तर्गत जलमिनार निर्माण के लिए मेडिकल स्टाफ क्वार्टर सुरकी काल के सामने स्वास्थ्य विभाग के भूखण्ड के अंदर 20 X 20 भूखण्ड पर कार्य कराने की स्वीकृति दी गई।
- (iii) यह निदेश दिया गया कि WTP के लिए बुडको बैकल्पिक भूखण्ड की तलाश करे। बैकल्पिक भूखण्ड की सम्भावना नहीं रहने की स्थिति में संबंधित विभाग से भूमि के उपयोग करने के लिए कार्रवाई की जाएगी। चूंकि वर्णित भूमि चिकित्सा महाविद्यालय की है और भविष्य में चिकित्सा महाविद्यालय के भवनों के विस्तार की सम्भावना है, जिसमें चिकित्सा महाविद्यालय की भूमि का उपयोग होना है। प्रधान सचिव, स्वास्थ्य विभाग यह सुनिश्चित कर लें कि भविष्य में मेडिकल कॉलेज के विस्तार के आलोक में WTP के लिए भूमि का NOC देना संभव है अथवा नहीं।

3. कृषि विभाग:-

भागलपुर जलापूर्ति योजना फेज - 1 के अन्तर्गत जलमिनार निर्माण के लिए बाजार समिति के उत्तर कृषि बाजार कम्प्लेक्स बगहबाड़ी में कृषि विभाग के भूखण्ड के अंदर 20 X 20 भूखण्ड पर कार्य कराने की स्वीकृति दी गई।

4. उद्योग विभाग:-

भागलपुर जलापूर्ति योजना फेज - 1 के अन्तर्गत जलमिनार निर्माण के लिए अबीर मिश्रा लेन नाथ नगर पी0एस0 के निकट, रंगाई केन्द्र चंपा नगर, भागलपुर में उद्योग विभाग अंतर्गत उपलब्ध भूखण्ड के अंदर 20 X 20 भूखण्ड पर कार्य कराने की स्वीकृति दी गई।

5. गृह विभाग:-

भागलपुर जलापूर्ति योजना फेज - 1 के अन्तर्गत जलमिनार निर्माण के लिए पुलिस प्रशिक्षण केन्द्र नाथ नगर के उत्तर, आरक्षी प्रशिक्षण, महाविद्यालय, नाथ नगर में गृह विभाग के भूखण्ड के अंदर 20 X 20 भूखण्ड पर कार्य कराने की स्वीकृति दी गई।

6. शिक्षा विभाग:-

भागलपुर जलापूर्ति योजना फेज - 1 के अन्तर्गत जलमिनार निर्माण के लिए कम्पनीबाग में जगलाल हाई स्कूल के कैम्पस के अन्दर शिक्षा विभाग के भूखण्ड के अंदर 20 X 20 भूखण्ड पर कार्य कराने की स्वीकृति दी गई।

7. जिला प्रशासन गया:-

नगर आयुक्त, गया, जिला पदाधिकारी के प्रतिनिधि के रूप में शामिल हुए और उन्होंने बताया कि उनके यहां भूमि उपलब्ध कराने में कोई समस्या नहीं है।

(i) गया जलापूर्ति योजना के कार्यान्वयन हेतु वार्ड नं० - 48, किलोस्कर पम्प हाउस के उत्तर, जोड़ा मस्जिद के निकट मानपुर (ब्लॉक) में 30 X 30 मीटर, भूखण्ड उपलब्ध कराने की स्वीकृति दी गई।

(ii) गया जलापूर्ति योजना के कार्यान्वयन हेतु वार्ड नं० - 48, उर्दु मोहम्मदन टोला के उत्तर, गौरी शंकर मंदिर के निकट, मानपुर (ब्लॉक) में 30 X 30 मीटर, भूखण्ड उपलब्ध कराने की स्वीकृति दी गई।

(iii) गया जलापूर्ति योजना के कार्यान्वयन हेतु वार्ड नं० - 01, खरखुरा राजा कोठी, चंदौती (ब्लॉक), में 30 X 30 मीटर, भूखण्ड उपलब्ध कराने की स्वीकृति दी गई।

(iv) गया जलापूर्ति योजना के कार्यान्वयन हेतु वार्ड नं० - 50, भुसुंडा, (जहां स्टेडियम प्रस्तावित है), मानपुर, (ब्लॉक), में 30 X 30 मीटर, भूखण्ड उपलब्ध कराने की स्वीकृति दी गई।

(v) गया जलापूर्ति योजना के कार्यान्वयन हेतु वार्ड नं० - 50, मस्तालीपुर, मानपुर अंचल कार्यालय के दक्षिण, मानपुर (ब्लॉक) में 30 X 30 मीटर, भूखण्ड उपलब्ध कराने की स्वीकृति दी गई।

(vi) गया जलापूर्ति योजना के कार्यान्वयन हेतु वार्ड नं० - 27, बरगद पेड़ के दक्षिणी तरफ बड़की ढेलहा, धनियाँ बगीचा, चंदौती (ब्लॉक), में 30 X 30 मीटर, भूखण्ड उपलब्ध कराने की स्वीकृति दी गई।

धन्यवाद के साथ बैठक समाप्त हुई।

**English translation of the office order issued by the Chief Secretary, Govt. of Bihar**

Minutes of the Meeting organized on 08.12.2014 at 3:00 p.m. under the chairmanship of the Chief Secretary, Govt. Of Bihar to discuss and ensure availability of land for implementing BUDIP program

**Attendance:** - as per the register.

**Action taken-**

The following decisions are taken based on the interaction with the concerned Principal Secretaries / Secretary on land availability for the execution of the ADB funded Bhagalpur Water Supply Project Phase-I, Phase-II and Gaya Water Supply Project

**1. Road Construction Department**

- (I) Permission granted to construct an Over Head Tank (OHT) under Phase-I of Bhagalpur Water Supply Project on 20X 20 plot on the piece of land within the premises of the Divisional office of the Road Construction Department, Adampur Bhagalpur.
- (II) Permission granted to establish 33/3.3 K.V substation under Phase-II of Bhagalpur Water Supply Project on 40X 70 meter plot on the piece of land belonging to the Road Construction Department near the Vikramshila Bridge, Bhagalpur.

**2. Health Department**

- (I) Permission granted to construct an Over Head Tank (OHT) under Phase-I of Bhagalpur Water Supply Project on 20X 20 plot on the piece of land belonging to the Health department situated near the Bhagalpur Central Jail, Anand Nagar Colony Bhagalpur.
- (II) Permission granted to construct an Over Head Tank (OHT) under Phase-I of Bhagalpur Water Supply Project on 20X 20 plot on the piece of land belonging to the Health department situated in front of the Medical Staff Quarter, Surkikal Bhagalpur.
- (III) BUIDCO was directed / asked to explore other avenues / availability of the required piece of land elsewhere for the WTP. Action / steps will be taken seeking permission for the construction of WTP from the concerned department only if there is no alternate piece of land available for the purpose. As the piece of land belongs to the Medical College and there is every likelihood of expansions of new buildings on the proposed piece of land, so the Principal Secretary, Health Department should ensure if it is feasible to issue NOC for the construction of the WTP or not keeping the future expansion plans in mind.

**3. Agriculture Department**

Permission granted to construct an Over Head Tank (OHT) under Phase-I of Bhagalpur Water Supply Project on 20X 20 plot on the piece of land belonging to the Agriculture Department in the Agricultural Market Complex Baghbari on the north side of Bazar Samitee Bhagalpur.

**4. Industries Department**

Permission granted to construct an Over Head Tank (OHT) under Phase-I of Bhagalpur Water Supply Project on 20X 20 plot on the piece of land belonging to the Industry Department in the Abir Mishra Lane near Dyeing Centre, Champanagar Nathnagar Police Station Bhagalpur.

**5. Department of Home**

Permission granted to construct an Over Head Tank (OHT) under Phase-I of Bhagalpur Water Supply Project on 20X 20 plot on the piece of land belonging to the Home Department in the north side of the Constable Training School Nath Nagar, Bhagalpur.

**6. Education Department**

Permission granted to construct an Over Head Tank (OHT) under Phase-I of Bhagalpur Water Supply Project on 20X 20 plot on the piece of land belonging to the Education Department in the premises of Jaglal High School, Bhagalpur.

**7. District Administration Gaya**

Municipal commissioner, Gaya officiated as the representative of the District Magistrate, Gaya and informed that they don't have any issue in allocating the piece of land.

- (I) Permission granted to construct an Over Head Tank (OHT) under Phase-I of Gaya Water Supply Project on 30X 30 meter plot on the piece of land on north of the Kirloskar Pump House near Joda Masjid / Mosque at Ward No.- 48 Manpur (Block).

- (II) Permission granted to construct an Over Head Tank (OHT) under Phase-I of Gaya Water Supply Project on 30X 30 meter plot on the piece of land on north of the Gauri Shankar Temple near Urdu Mohammaden Tola at Ward No.- 48 Manpur (Block).
- (III) Permission granted to construct an Over Head Tank (OHT) under Phase-I of Gaya Water Supply Project on 30X 30 meter plot on the piece of land in Kharkhura Rajakothi at Ward No.- 01, Chandauti (Block).
- (IV) Permission granted to construct an Over Head Tank (OHT) under Phase-I of Gaya Water Supply Project on 30X 30 meter plot on the piece of land at Bhusunda (where stadium is proposed) at Ward No.- 50, Manpur (Block).
- (V) Permission granted to construct an Over Head Tank (OHT) under Phase-I of Gaya Water Supply Project on 30X 30 meter plot on the piece of land on south of the Mastallipur Manpur Circle Office at Ward No.- 50, Manpur (Block).
- (VI) Permission granted to construct an Over Head Tank (OHT) under Phase-I of Gaya Water Supply Project on 30X 30 meter plot on south of the Banyan Tree at Dhaniya Bagicha, Badki Delha in Ward No.- 27, Chandauti (Block).

The meeting ended with vote of thanks.

Memo No.- 3990

Date – 17.12.14

**APPENDIX 4: OFFICE order pertaining to formation of GRM**

*Approved*

**बिहार सरकार**  
**नगर विकास एवं आवास विभाग।**

**— : संकल्प : —**

बिहार राज्य अंतर्गत जलापूर्ति तथा सिवरेज योजनाओं के निर्माण हेतु बिहार शहरी विकास इन्वेस्टमेंट प्रोग्राम (BUDIP) - Loan No. 2861 - IND के तहत एशियन डेवलपमेंट बैंक (ADB) द्वारा ऋण उपलब्ध कराया जा रहा है। इस लोन प्रोग्राम के अंतर्गत भागलपुर एवं गया शहर के लिए जलापूर्ति तथा सिवरेज योजनाओं का कार्यान्वयन कराये जाने का प्रस्ताव है। इन योजनाओं के लिए बिहार शहरी आधारभूत संरचना विकास निगम लिमिटेड (बुडको) को प्रोजेक्ट मैनेजमेंट यूनिट तथा कार्यान्वयन एजेंसी घोषित किया गया है।

2. एशियन डेवलपमेंट बैंक (ADB) सम्पोषित योजनाओं के कार्यान्वयन के लिए ADB के मार्गदर्शिका में दिये गये प्रावधान के आलोक में शहर स्तर पर एक शिकायत निवारण तंत्र (जी०आर०एम०) का गठन किया जाता है।

3. नगर विकास एवं आवास विभाग एवं बिहार शहरी आधारभूत संरचना विकास निगम लिमिटेड (BUIDCO) द्वारा एशियन डेवलपमेंट बैंक (ADB) सम्पोषित BUDIP के अंतर्गत योजनाओं के लिए निम्नानुसार त्रिस्तरीय शिकायत निवारण तंत्र (जी०आर०एम०) स्थापित किया जाता है। शिकायत प्रथम स्तर पर प्राप्त की जायेगी। यदि नागरिक प्रथम स्तर पर संतुष्ट नहीं होते हैं तो वे द्वितीय एवं तत्पश्चात् तृतीय स्तर पर आवेदन कर सकेंगे। शिकायत का निष्पादन निम्नानुसार वर्णित अवधि में किया जाना है:-

स्तर	समिति	निष्पादन की अवधि
प्रथम	योजना प्रबंधन ईकाई (Project Management Unit)	शिकायत पत्र प्राप्ति के 90 दिनों के अंदर
द्वितीय	शहर स्तर समितियां (Town Committee)	60 दिनों के अंदर
तृतीय	कार्यक्रम संचालन समिति (Steering Committee)	90 दिनों के अंदर

4. जी०आर०एम० अंतर्गत गठित एशियन डेवलपमेंट बैंक सम्पोषित योजनाओं के कार्यान्वयन में प्राप्त शिकायतों का निष्पादन करेंगी।

**English translation of the Office Order issued for the constitution of GRM**

1. Under Loan No. 2831 IND, a loan is being extended to Bihar Urban Development Investment Program (BUDIP) by Asian Development Bank (ADB) for creating water supply and sewerage systems. The creation of water supply and sewerage systems in two cities of Bihar –Gaya and Bhagalpur, is proposed under this loan program of BUDIP. The Bihar Urban Infrastructure Development Corporation (BUIDCo) shall be the designated Project Management Unit (PMU) as well as the Implementing Agency for these programs.

2. In compliance with the specific provisions of ADB guidelines prescribed for the implementation of ADB funded projects, a Grievance Redressal Mechanism is, hereby, constituted.

3. Under ADB funded programs of BUDIP, a three-tier GRM is being jointly established by Urban Development & Housing Department (UDHD) and Bihar Urban Infrastructure Development Corporation (BUIDCo). The complaint shall first be registered with the first tier and only if the grievance is not redressed at the first tier, the complainant shall have right to appeal to the second and third tiers of GRM. Redressal of complaints at different tier of GRM shall be in accordance with the following chart:

<b>Tier /level</b>	<b>Name of the institution</b>	<b>Period for redressal of complaint</b>
First	Project Management Unit (PMU)	Within 90 days from the date of receipt of the complaint
Second	Town Level Committees (TLC)	Within 60 days from the date of receipt of the complaint
Third	Steering Committee	Within 60 days from the date of receipt of the complaint

4. GRM will address only complaints which it receives from the public with regard to implementation of ADB funded projects of BUDIP.

## APPENDIX 5: Entitlement Matrix

Sl. No.	Type of loss	Definition of entitled person	Compensation policy	Implementation issues	Responsible agency	Sites where applicable
1	Loss of residential structure	Encroachers, squatters	Encroachers / squatters will be notified and given 60 days advance notice to remove their assets. Compensation for affected structures or part thereof at replacement value calculated as per the latest prevailing basic schedule of rates (BSR) without depreciation; Cash compensation for repair of partially affected structure. Right to salvage material from the demolished structure at no cost. A lump sum shifting assistance of Rs10000 will be provided, each time affected household is required to relocate. Cash assistance towards rental subsidy for a period of time until alternate means of access to housing available. Additional compensation for vulnerable squatter households (item # 3)	Vulnerable households will be identified during the census conducted by the DSC.	The DSC will verify the extent of impacts through a 100% survey of AHs determine assistance, verify and identify vulnerable households.	Barari OHT site Housing Board
2	Loss trees and crops	Encroachers/squatters	Encroachers and squatters will be notified and given 60 days advance notice to remove trees and 6 months' notice to harvest seasonal crops and fruit trees. Compensation will be given for standing crops/ trees planted by non- titleholders.	Harvesting prior to acquisition will be accommodated to the extent possible Work schedules will avoid harvest season. Market value of trees/crops has to be determined. Vulnerable households will be identified and provided assistance as required	DSC in consultation with Agriculture / Forest Department officials or with experts in the respective fields.	None
3	Impacts on vulnerable Aps	Vulnerable APs <sup>12</sup>	In case of total loss of private land and a total dependency on	Vulnerable households will be identified	The DSC will verify the extent of	

<sup>12</sup> The following vulnerability criteria are identified in the context of Bihar: (1) households belonging to most backward communities; (2) head of household is a woman; (3) head of household is illiterate; (4) head of household is a daily wage labourer, (5) below poverty line household; (6) household with disabled family members; and (6) household living in a kutchha house. ADB's Facility Administration Manual states that "more vulnerable" households are those that meet 5 or more of the above-mentioned vulnerability criteria. Implicit in the definition is that households meeting fewer criteria are also vulnerable, albeit to a lesser degree, and require additional support/assistance.

Sl. No.	Type of loss	Definition of entitled person	Compensation policy	Implementation issues	Responsible agency	Sites where applicable
			<p>agriculture, land-for-land compensation, if signified by the affected persons.</p> <p>Additional one-time lump sum assistance of Rs 36,000 (calculated for 12 months subsistence allowance) per vulnerable family will be paid. This will be over and above the other assistance given in this framework.</p> <p>Vulnerable households will be given priority in employment in project construction activities.</p> <p>All Scheduled Castes and Scheduled Tribes relocated outside the district will be provided an additional 25% of the resettlement benefits to which they are entitled along with a onetime resettlement entitlement of Rs 50,000 per the provisions of the RFCTLARRA.</p> <p>Provision for project operation related training and employment, OR, skill training for displaced vulnerable persons, including assistance for purchase of income generating assets and initial capital of INR 40,000/-</p>	<p>during the census conducted / supervised by the DSC.</p> <p>If land-for-land is offered, ownership in the name of original landowner(s).</p>	<p>impacts through a 100% surveys of AHs determine assistance, verify and identify vulnerable households.</p>	
4	Loss of livelihood / income source	Owner/tenants and leaseholders / sharecroppers (whether having written tenancy/lease documents or not)	<p>In case of loss of livelihood (total income loss from major source): Choice of annuity or employment – the following options are to be provided :</p> <p>(a) where jobs are created through the project, 'after providing suitable training and skill development in the required field, make provision for employment at a rate not lower than the minimum wages provided for in any other law for the time being in force, to at least one member per affected family in the project or arrange for a job in such other project as may be required; or</p> <p>(b) Onetime payment of Rs.5,00,000 per affected family; or</p> <p>(c) Annuity policies that shall pay not less than Rs.2000.00 per month per family for twenty years, with appropriate indexation to the Consumer Price Index for Agricultural Labourers.</p> <p>In case of total loss/partial loss of</p>	<p>Vulnerable households will be identified during the census conducted by the DSC.</p>	<p>The DSC will verify the extent of impacts through a 100% survey of AHs determine assistance, verify and identify vulnerable households.</p>	

Sl. No.	Type of loss	Definition of entitled person	Compensation policy	Implementation issues	Responsible agency	Sites where applicable
			income: Preference for employment opportunity for Affected Persons in the project construction work, if so desired by them. Training would be provided for income generating vocational training and skill improvement options based on the choice of the affected person at Rs 20,000 <sup>13</sup> per family. This cost would be directly paid by the project to the training institute OR purchase of income generating assets up to Rs.40, 000 <sup>14</sup> .			
5	Temporary disruption of livelihood	Legal titleholders, tenants, leaseholders, sharecroppers, employees, hawkers or vendors.	30 days advance notice regarding construction activities, including duration and type of disruption. Cash assistance based on the minimum wage for the loss of income/livelihood for the period of disruption For construction/other activities involving disruption for a period of a month or more, provision of alternative sites for hawkers and vendors for continued economic activities. If not possible, additional allowance based on minimum wage rate for vulnerable households for 1 month or the actual period of disruption whichever is more.	During construction, the PIU will identify alternative temporary sites to the extent possible, for vendors and hawkers to continue economic activity. PIU will ensure civil works will be phased to minimize disruption through construction scheduling in co-ordination with the contractors and the DSC	Alternative locations, if any will be identified for the said duration of disruption.	Pipelaying activity (distribution pipes, rising mains and distribution mains)
6	Any other loss not identified	-	Any unanticipated impacts of the project will be documented and mitigated based on the spirit of the principles agreed upon in this Resettlement Framework and the RFCTLARRA Unanticipated involuntary impacts will be documented and mitigated based on the principles provided in the ADB IR Policy.		The DSC will ascertain the nature and extent of such loss. The PMU with PIU support, will finalize the entitlements in line with ADB IR policy.	

<sup>13</sup> The Vocational Training Programme by the Industrial Training Institutes provides training on a number of trades, under the Directorate general of Employment and Trade, Ministry of Labour and Employment, GOI. Additional cash assistance will be provided during the training period to make up for income loss of working members. The additional cash assistance will be calculated based on prevailing minimum wage rates for semi-skilled labor in urban Bihar for three months.

<sup>14</sup> This is an estimate. The income generating asset will be skill related. However the assets will be decided on a case to case basis.

## APPENDIX 6: Socio Economic profile

Sl. No.	Name of AP	Size and use of affected property (sq m)	Cost of affected property <sup>15</sup>	% of loss	Income sources of HH	Vulnerable	HH size	Type of house	Asset owner-ship	Remarks
1	<b>Ms. Asha Devi</b> Mobile Number - 8083552561 / 9973393432	9 x 6.65 = 59 Residential	25,000.00	100 %	works with the Water Works Department of BMC	Yes	7	Kutch <sup>16</sup>	<b>Land ownership</b> - Housing Board <b>Kutch Structure</b> - Private	Relocation impact due to structure loss.
2	<b>Mr. D .N. Mandal</b> Mobile Number - 9431277645	6x4=24 Cattle shed	10,000.00	40%	Rickshaw pulling and wage labour work	Yes		Kutch	Private	

<sup>15</sup> Replacement Cost of affected property has been calculated as per estimate submitted by DSC

<sup>16</sup> Kutch - Kutch structure with bamboo wall , mud floor and hey roof

## APPENDIX 7: Summary of Community Consultations

Sl. No.	Date	Location	No. of Wards Included	No. of Participants	Issues/Queries Raised <sup>17</sup>	Photographs
1	18 <sup>th</sup> Dec, 2014	CMS School Narga, Ward No. 9	Ward No. 1,2,7,8,9	Total-39 M – 33 F – 6	<ul style="list-style-type: none"> <li>• Process and basis of tariff fixation for water consumers.</li> <li>• Subsidy for the poor households belonging to vulnerable social category.</li> <li>• Work schedule of actual construction work.</li> </ul>

## APPENDIX 8: Sample Monitoring TEMPLATE

Sl. No.	Resettlement Plan Activities	Completed Y/N	Remarks
<b>A. Pre-Construction Activities and Resettlement Plan Activities</b>			
1	Approval of final Resettlement Plan by ADB prior to contract award		
2	Disclosure of final Resettlement Plan on ADB and EA websites		
3	Circulation of summary RP in two local languages to all stakeholders		
<b>A. Resettlement Plan Implementation</b>			
1	Grievance Redress Cell and Committee established		
2	Entitlements and grievance redress procedure disclosed		
3	Finalization of list of APs, vulnerable APs and compensation/assistance/allowances due		
4	Finalization of list of roads for full or partial closure; mitigation measures proposed		
5	Affected persons received entitlements as per amounts and program specified in RP		
6	Payment of compensation, allowances and assistance (No. of APs)		
7	Arrangements for temporary rental accommodation for APs facing relocation		
8	Additional assistance for vulnerable households given (No. of vulnerable APs)		
9	Livelihood arrangements provided to vulnerable APs		
10	Reinstallation of affected common facilities		
11	Grievances No. of grievances registered No. of grievances redressed Outstanding complaints Disclosure of grievance redress statistics		
12	Consultation, participation and disclosure as per Plan		
<b>C. Monitoring</b>			
1	Survey on socio-economic status of APs (including vulnerable APs) completed and compared with baseline survey results		
2	Survey on satisfaction levels of APs with RP implementation completed		
<b>D. Labor</b>			
1	Implementation of all statutory provisions on labor like health, safety, welfare, sanitation, and working conditions by Contractors. Ensuring no child labour used etc.		
2	Equal pay for equal work for men and women		

NOTE: Where applicable, the information provided in the table should be supported by detailed explanatory report, receipts and other details.

## APPENDIX 9: Detailed Measurement Survey

### Objective of the study

To conduct and document **Detailed Measurement Survey** (DMS) to identify any disruption in carrying out income generating activity / livelihood and / or property and the corresponding loss to the Affected Persons (APs) - Permanent Affected Person(PAP) and Temporary Affected Person (TAP) due to the commissioning of the proposed Bhagalpur Water Supply Project 1.

**Period of Census Survey** - November 05, 2015 - November 10, 2015

### Team composition

The team members entrusted with the task to conduct the DMS is given below in Table-1

**Table 1**

Sl. No	Team Members	Contact Number
1	Mr. Mohit Kumar	7561903616
2	Mr. Ajit	9709424203
3	Mr. Prabal Pratap Singh	8877547751
Contractor		
4	Mr. Hasimuddin Faridi	7282000804
5	Mr. Manju BC	7282000805
6	Mr. Braj Mohan Singh	7282000806
7	Mr. Sanjib	7282000815
8	Mr. Nagendra TM	7282000816
9	Mr. Nanjun Das	7282000817

### Methodology

Three teams (Table 2) were constituted in the following manner-

**Table 2**

Particulars	Team Members ( Contractor)	Supervised by
Team 1	Mr. Brajmohan Singh, Mr. Manju BC	Mr. Prabal Pratap Singh
Team 2	Mr. Sanjiv, Mr. Nanjun Das	Mr. Ajit
Team 3	Mr. Faridi , Mr. Nagendra	Mr. Mohit Kumar

Mr. Faridi coordinated on behalf of the contractor. The proposed distribution network layout plan was made available by him. Though the earlier plan was for around 47 km. of proposed pipeline laying in the Barrai area. The PD PIU through his email dated – Nov. 06, 2015 instructed to instead use the latest revised layout/ TMS plan for conducting the detailed measurement survey to update the RP. The copy of the revised layout plan was then obtained from contractor and the DMS was conducted accordingly. The revised layout plan for Barari area has been designed for around 30 kms. of the distribution network while the same for Thakurwari, Warsaliganj area is for around 25 kms. of pipeline laying works . The proposed distribution pipe laying works in both the Housing Board as well as the Thakurwari area has been divided into three DMAs each. The Layout plan of Over Head Service Reservoirs have been appended in **Annexure 1**. The respective proposed Distribution Network SLD used for conducting DMS is given below (Table 3) –

**Table 3**

The team members were first oriented on various hardware and software aspects of the proposed DMS activities. They were also oriented on the objective and methodology to be followed while capturing the details and precautions to be followed.

The distribution network has been designed in the middle of the road and the exact alignment is to be fixed keeping the criteria of ensuring no or minimal negative impact to community as well as local permanent and/ or temporary or movable shopkeepers, vendors etc. It was decided to fix the alignment using the wisdom of the engineers carrying out the exercise and then identify the negative impacts if any. Please refer to Annexure – 3 for the Alignment details.

Three teams were constituted and one team each was allocated one DMA each at both the locations. The team and the respective DMA composition is given below in Table 4 –

**Table 4**

Sl. No.	Team	Housing Board Colony, Barari	Thakur Bari, Warsaliganj
1	Team 1	DMA1	DMA 2
2	Team 2	DMA 3	DMA 1
3	Team 3	DMA 2	DMA 3

Each team walked along all the proposed lanes and by lanes, as per the distribution network SLD, in their respective designated areas to scan for and identify any permanent and/ or temporary negative impact arising due to the proposed pipe laying work. Special care was also accorded to avoid negative impacts wherever possible by proposing the alignment on either left or right RoW. Please refer to Annexure 2 for photographs.

#### Outcome

##### **DMS conducted for the proposed distribution pipe lines**

- Most of the by lanes are very narrow in the designated DMAs in Housing Board Colony and Warsaliganj area.
- Houses have been constructed at the shoulder of the by lane.
- There are waste water drains on both sides of the main road.
- No unavoidable temporary as well as permanent loss to livelihood and property is envisaged. The following table (Table 5) presents the summary of the DMS–

**Table 5**

Sl. No.	Particular	PAP	TAP	Remarks
1	Housing Board Colony, Barari	0	0	Many temporary vegetable, fish and fruit vendors, eateries etc. do carry out the selling activities every day on both sides of the RoW at the vegetable market during 3 pm – 9 pm throughout the year.
2	Thakurwari, Warsaliganj	0	0	At Mirjan Haat, many temporary movable shops have come up. They usually throng the area during festival times. Besides, many temporary vegetable and fruit vendors do carry out the selling activity on the covered plank over the drain throughout the year.

##### **DMS conducted at the proposed OHT sites**

The following table (Table 6) presents the summary of the DMS–

**Table 6**

Sl. No.	Name of OHSR	No. of PAPs	No. of TAPs	Remarks
1	Housing Board Colony, Barari	2 <sup>18</sup>	0	
2	WarsaliganjThakurbari	0	0	
3	Tilkamanjhi University	0	0	4 fruit bearing trees- one Mango tree and three Lichi trees and one Palm tree may be cut due to the proposed civil works.

**Recommendation–**

At the Barari Vegetable market, selling activities do commence during 3 pm to 9 pm. The civil work is recommended to be finished by 2 pm to ensure no or minimal disruption to the vendor as well as local community. The shopkeepers must be served advance notice and are provided any assistance, if required. At Mirjan Haat location, the vendors have their temporary movable shops on the plank over the drain on both the sides. Special care should be accorded to ensure proper access during the commissioning of the civil work. At the same time. The shopkeepers must be served advance notice and provided any assistance, if required.

Special care should be given to ensure proper access by providing planks etc. to schools and religious places and the civil construction work shall be taken up during night times or on holidays only.

The ADB's SPS 2009 emphasises on replacing what is lost. Therefore, the cost of the constructing hut and cattle shed of equivalent size / dimension need to be ascertained. The cost may be ascertained by the DSC engineers. The Affected Family has a right over the salvage material. Depreciation should not be taken into account while estimating the cost

The younger son of Ms. Asha Devi should be trained with relevant skills and employed as caretaker at the new facility being created there (OHSR).
