Proposal of Beautification of Adalatgunj Talab

The proposed beatification will become centre of attraction for people of patna and the tourists coming from different parts of india also. It is located adjacent to the proposed isckon temple where the devotees avail the facilities and enjoy the landscape of talab. It also provides the facilities of public convenience like yatri shed, toilets, pavement, musical fountain parks, parking area etc. which will be used throughout the year specially in festive season.
