1	NA	NA	NA	General Suggestion	<p>We would like to suggest the authority members that "The Bidder should be TOT Partner of C-DAC".</p> <p>C-DAC operates under Ministry of Electronics and Information Technology. The products manufactured by TOT partner of C-DAC will have technical experience of implementing such systems in all over India. This technology is already tried & tested which has been successfully implemented in various cities of India including smart cities projects also like Bhubaneswar, Gorakhpur, Lucknow, Srinagar, Indore, Varanasi, Bhopal, etc.</p>	<p>Bid Condition Prevails.</p>
B. Omvix Electronisys Pvt. Ltd and 11, First Floor, Plot No. 13, Commercial Center, Karkardooma, Delhi-110092						
1	Criteria of eligibility for issue of tender document		Page No. 32	(f) Copy of Valid Electric License	<p>Since the project cost is more than 5 Cr. , we would like to suggest the authority:</p> <p>(f) Copy of Class A Electrical License from central government/any state government</p>	<p>Bid Condition Prevails.</p>
2	5.2 Traffic Control Computers and peripherals;		Page 109,	Features & Specifications of Traffic Signal Controller	<p>The specifications given for the traffic signal controller seems to be for some specific OEM, which may not be available with many manufacturers. It may lead to limited participation of bidders. We would like to suggest the authority to also allow CDAC technology based Traffic signal controllers. CDAC technology based controllers being developed by Meity which is as per Indian road traffic conditions. In more than 20 smart cities, CDAC technology based traffic signal controllers have been installed. This will lead to more bidder participation and will also bring best competitive prices to the authority.</p>	<p>Bid Condition Prevails.</p>
